GATE Papers [PDF] - AR (Architecture and Planning)

If you've been following the blog, you will have seen a couple of posts recently about the alignment of software architecture and code. Software architecture vs code talks about the typical gap between how we think about the software architecture vs the code that we write, while An architecturally-evident coding style shows an example of how to ensure that the code does reflect those architectural concepts. The basic summary of the story so far is that things get much easier to understand if ...

Software architecture as code - Coding the Architecture

Papers With Code highlights trending ML research and the code to implement it. ... Browse our catalogue of tasks and access state-of-the-art solutions. ... We extract an optimal subset of architectural parameters for the BERT architecture from Devlin et al. (2018) by applying recent breakthroughs in algorithms for neural architecture search. ...
