172 HOURS ON THE MOON is 355 pages of pure terror written by Johan Harstad, a Norwegian man who obviously must've gone to the moon and experienced these things to write about them so... gorgeously. It tells the tale of three teens from around the world that have won the NASA lottery for a chance to go to the moon.

~~172 Hours on the Moon by Johan Harstad~~—Goodreads

172 hours on the Moon is a book of two parts, let us talk about first, the not too creepy start of the book. The basis of the book is that NASA are going back to the Moon, they have a hidden agenda but that agenda is disguised in the form of a lottery that chooses three people to go with the astronauts to the lunar surface.

~~172 Hours on the Moon: Harstad, Johan: Amazon.sg: Books~~

'172 Hours on the Moon' is a much sinister read. Less on the science fiction, and more on the scare factor. There is a lot of switching of perspective in this book, which was interesting in learning about the cast and their backgrounds and culture. But I wasn't sure what that had to do with the actual plot...

~~Amazon.co.uk:Customer reviews: 172 Hours on the Moon~~

In 172 Hours on the Moon, the buildup is abrupt and ultimately dissatisfying because things are escalated so quickly. Because the meat of the story is so rushed, many of the actual explanations and reveals are missing, and some elements remain glossed over or unresolved.
