To find out which type of engine your Ford Taurus has, you can pop the hood and search for a label on the engine. You can also identify the engine type with the 17-digit vehicle identification number, or VIN. A unique VIN is assigned to each vehicle and provides information about the vehicle, including engine type.

## ~~How to Identify the Type of Engine on the Ford Taurus | It ...~~

The first-generation Taurus was launched in 1985 as a 1986 model to strong fanfare and sales, replacing the slow-selling mid-size Ford LTD. (The full-size Ford LTD Crown Victoria remained as part of the Ford line up.) The release of the Ford Taurus was one of the most anticipated ever, mostly because it was a first in car design and also the start of new quality standards for Ford.
