2017 M&A Global Outlook - J.P. Morgan Home

2017 global chemical industry mergers and acquisitions outlook. Global chemical mergers and acquisitions (M&A) activity is expected to increase in 2017, but geopolitical factors such as protectionism could pose a challenge to achieving the levels of record activity the industry experienced in 2015 and 2016.

2017 global chemical industry mergers and acquisitions outlook

2017 outlook for M&A in insurance, reinsurance and global risk Last year, we characterised 2015 as the year the "mega deal". Whilst we do not expect this level of volume to repeat in 2016/2017, there remain compelling "push" and "pull" factors for global mergers and acquisitions (M&A) to continue (for a number of years) in our the insurance, (re)insurance and global risk sectors.

2017 outlook for M&A in insurance, reinsurance and global risk

Regional outlook In the Americas, buoyant activity in the United States M&A market is anticipated in 2017. While M&A activity in Brazil remains depressed, it is recovering steadily with the economy. Within Europe, the United Kingdom should continue to be an attractive market for both strategic and ...

2017 Global Chemical Industry M&A Outlook | Deloitte UK

While global Chemical M&A activity is expected to increase in 2017, geopolitical factors could prevent the industry from achieving the record levels experienced in 2015 and 2016. Higher cash levels on corporate balance sheets, low levels of innovation, and a low growth macroeconomic outlook are expected to drive M&A volumes.
