A geometry net is a  
2-dimensional  
shape that can be  
folded to form a  
3-dimensional  
shape or a solid. Or

# Access Free 3d Solids Nets On

**Graph Paper**  
a net is a pattern made when the surface of a three-dimensional figure is laid out flat showing each face of the figure. A solid may have different nets. Here are some steps to determine whether a net forms a solid: Make sure that the solid and the net

# Access Free 3d Solids Nets On
