This guide responds to the need identified by ESCAP in 2018 to create a practical guidance document that would help to improve knowledge and practice about autism, especially thinking about people in those areas that are more neglected or with less consolidated care services for people on the autism spectrum. The fact is that, all over Europe, there is today a greater awareness about the frequency and importance of autism, which is recognised not only as a childhood condition, but as a ...

Driving – a guide for autistic adults in England. Some autistic people may find the skill of driving extremely difficult, whilst others will be highly competent. Being autistic should not in itself be a barrier to holding a licence. In this guide, you'll find information about driving licences, driving tests, fitness rules and the Blue Badge scheme.

Driving – a guide for autistic adults in England

Bringing a refreshingly positive approach to mental health and autism, the guide is full of practical ideas for helping children strengthen their self-worth, optimism and receptivity to happiness. It also reveals how children can build resilience and better understand their feelings, giving them the skills to flourish and thrive and to ward off negative thoughts.
