~~Radiology—A Survival Guide~~ is not, and does not purport to be, a definitive text. Rather, it provides junior, relatively inexperienced doctors a greater knowledge and understanding of radiological interpretation encountered in the emergency setting, when expert opinion may not be readily available.

~~Accident and emergency radiology: a survival guide. 2nd ...~~

The accident and emergency radiology survival course started 10 years ago as a series of tutorials for local emergency department doctors ( [www.radiology-courses.com](http://www.radiology-courses.com) ). It is organised by a group of radiology consultants and has rapidly become one of the most well known radiology teaching courses in the United Kingdom.
