1 Introduction This report provides an example structure for a report. Each section is considerably shorter than it would need to be for a full academic report. The intention is to provide an overview of the main sections that most reports should have.

### An Example Report - saadawi1

Accounting reports are compilations of financial information that are derived from the accounting records of a business. These can be brief, custom-made reports that are intended for specific purposes, such as a detailed analysis of sales by region, or the profitability of a specific product line. More commonly, accounting reports are considered to be equivalent to the financial statements.
