Product ... Preparation Guide And Handbook

Since agile programs are more fluid than traditional approaches, agile product management is a more flexible approach. One of the core concepts in agile is that the scope of a project is fluid, while resources stay the same. As such, in agile product management the team spends less time defining the product before hand, and is open to changes ...

Agility. As organizations become more
customer-centric, there is a need to better
understand and relate to customers. Product
discovery and product strategy are key to
aligning your product with your
organization's purpose and your customers'
needs.
