November, 2001, (herein referred as LRFD).

Design of Beams and Other Flexural Members AISC LRFD 3rd ...

The 3rd edition of the American LRFD steel code has been implemented along with the 2nd edition. In general, the principles outlined in the code for design for axial tension, compression, flexure, shear etc., are quite similar to those in earlier versions of the code. The major differences are in the form of incorporation of the Young's modulus of steel in the various equations for determining various limits
