Alphabetical filing is a method in which files and folders are arranged in order of alphabets of the names of person or institution concerned with such file. It may be done using either the first names or surnames, but whichever is chosen must be consistent throughout the particular filing system. In cases where the names of more than one person starts with same letter then second letter of name is taken into consideration, then third and so on.

The Library of Congress rules (which I just found!), do it like this: 16. Ampersand and other symbols. The ampersand (&) is the only symbol that has filing value. It follows spaces and precedes the lowest Arabic numeral or alphabetic character. Ignore all other symbols when filing into the shelflist. Examples: A. & A.

Alphabetical Filing Rules! And Here are Some Rules, Too ...

According to the American Library Association, filing alphabetically is done in ascending order of the alphabet beginning with A and finishing with Z. This means that names or items beginning with A are filed first. When multiple names or items begin with the same letter, the order is determined based on the second letter, third letter and so on.

How Do You Properly File Alphabetically?

Alphabetical Classification of Files The first letter of the name is taken into account for classification. It is strictly adhered to the manner in such a way that a dictionary is printed.
