Statement on Advance Directives by Patients: "Do Not ...

Advanced trauma life support is a training program for medical providers in the management of acute trauma cases, developed by the American College of Surgeons. Similar programs exist for immediate care providers such as paramedics. The program has been adopted worldwide in over 60 countries, sometimes under the name of Early Management of Severe Trauma, especially outside North America. Its goal is to teach a simplified and standardized approach to trauma patients. Originally designed for emerg

Statements of the College - American College of Surgeons

Improving the quality of surgical care leads to greater access for patients, fewer complications, and better outcomes, thus lowering the cost of care. For nearly a century the American College of Surgeons (ACS) has implemented leading quality improvement programs. ACS programs have improved quality in trauma, cancer, and breast care; bariatric surgery; and overall surgical care.

Quality Programs - American College of Surgeons

The course and methodology was developed by the American College of Surgeons (ACS) in 1978 and is now taught in over 80 countries. 'Please note that the deadline for late bookings is two weeks before the course. Within two weeks of the course date centres are not able to accept bookings due to extensive pre-course e-learning.'

Advanced Trauma Life Support ATLS Provider Programme ...

The ATLS ® Program was developed by the American College of Surgeons Committee on Trauma (ACS-COT) , aiming at improving the care for trauma patients. The Course teaches well-established treatment techniques and approaches in a systematic manner by presenting a concise method of establishing assessment and management priorities in the care of the trauma patient.

Advanced Trauma Life Support® (ATLS®) Student Course ...

Publisher Description. The Advanced Trauma Life Support (ATLS) Course arose from the zeal and passion of a small group of surgeons intent on improving patient care. In 1976, when orthopedic surgeon Dr. James Styner encountered a woefully inadequate response to the needs of his children injured in a light plane crash in rural Nebraska, he was compelled to take action.
