The Second Great Awakening was a Protestant revival movement during the early nineteenth century. The movement started around 1800, had begun to gain momentum by 1820, and was in decline by 1870. Revivals were a key part of the movement and attracted hundreds of converts to new Protestant denominations.

The Second Great Awakening | Boundless US History

A new approach was undertaken during the New Deal with the Indian Reorganization Act of 1934, which ended allotment, banned further sale of Native American land, and returned some lands to the tribes. After World War II, however, proposals arose in favor of assimilation, termination of tribes, and an end to reservations.

The United States Government 's Relationship with Native ...

American literature - American literature - The 18th century: In America in the early years of the 18th century, some writers, such as Cotton Mather, carried on the older traditions. His huge history and biography of Puritan New England, Magnalia Christi Americana, in 1702, and his vigorous Manuductio ad Ministerium, or introduction to the ministry, in 1726, were defenses of ancient Puritan ...

During the 19th century, education in American was beginning to take root. As the nation matured there was a corresponding growth in providing education to the people. One type of school that was not only a type of school but a movement was the common school.The idea of everyone having access to was at one time radical in the United States.

19th Century Schools in the United States: The Common ...

During the 19th century farmers in the American West were helped by new technology. Cyrus McCormick invented a mechanical reaper in 1834. John Deere (1804-1886) invented the steel plow in 1838. In 1854 the first successful self-governing windmill (that changed direction automatically to face the wind) was made.
