The intense relationship between the American people and their surroundings has been the source of a rich artistic tradition. American Visions is a consistently revealing demonstration of the many ways in which artists have expressed this pervasive connection. In nine eloquent chapters, which span the whole range of events, movements, and personalities of more than three centuries, Robert Hughes shows us the myriad associations between the unique society that is America and the art it has ...

by Robert Hughes. From America's leading art critic, author of "The Shock of the New" and "The Fatal Shore", comes a magnificently entertaining, perceptive, and original history of five centuries of American art. Written to accompany Hughes's eight-part PBS television series to be broadcast this spring, "American Visions" is lavishly illustrated with 330 pictures, virtually all in color, and packed with anecdotes...

~~American Visions: The Epic History of Art in America by ...~~

Lavishly illustrated and packed with biographies, anecdotes, astute and stimulating critical commentary, and sharp social history, American Visions was originally published in association with a new eight-part PBS television series. Robert Hughes has called it "a love letter to America."
