Mediation is an informal dispute settlement process run by a trained third party, called a mediator. Mediation is intended to bring two parties together to clear up misunderstandings, find out concerns, and reach a resolution.

~~How the Mediation Process Works to Resolve Disputes~~

Research shows that your brain begins to deteriorate

Online Library Anatomy Mediation What Work Sam

once you hit your mid-twenties. And continues to degrade as you get older. This structural deterioration progressively leads to cognitive impairment, increased risk of mental illness and neurodegenerative disease.. But research over the last 20 years has demonstrated that age-related cognitive decline can be controlled by meditation.
