Apex is a great conclusion to the Nexus trilogy, a cyberpunk science fiction that blended thought-provoking social commentary with relatable characters and emotional resonance. Imagine having the internet, a virtual reality platform and personal hard drives hosted in the brains of thousands or millions of the human race.

Apex The Nexus Trilogy Book 3 English Edition

The Nexus series along with Apex is a fun series and I highly recommend. My only complaint about Apex was that it was a bit too long and dragged on a bit which took away some of the thrill from the ending. Be sure to read the appendix, as Naam gives a very informative review of the latest technology and its relation to his fictional works. Though this is the end to the trilogy, Naam has left a ...

Apex (Nexus Trilogy #3) by Ramez Naam, Paperback | Barnes ...

Ramez Naam is a supporter for transhumanism, and this book (this trilogy) perfectly embodies that goal. The world in Nexus is set in approx 2040 where such technologies could exist that 'enhance the human condition'. This isn't just a fictional novel but a possible extrapolation given today's technological feats and engineering.
