The six-month transition period for the new Wiring Rules Standard (AS/NZS 3000:2018) ends in January 2019. This article provides answers to questions on key changes related to switchboards. Q: Can you drill a weep hole in an IP rated electrical enclosure to manage condensation issues?

Q&A: New Wiring Rules and switchboards

1. If standards are called up in Australian legislation (thereby making compliance with all/part of those standard(s) mandatory and non-compliance punishable) then if Australia was to relinquish all control of standards are cede that to another country we would effectively be ceding legislative power to another country. This is not wise. 2.

Free Australian Standards Now—To Benefit Education—

The Wiring Rules apply to electrical installations in all types of premises and land used by electricity consumers, not just domestic installations. AS/NZS 3000 is called up in the legislation of all Australian states and territories and is therefore mandatory.
