*ASTM D1424-09(2019) - Techstreet*

Description of ASTM-D1424 . 1.1 This test method covers the determination of the force required to propagate a single-rip tear starting from a cut in a fabric and using a falling-pendulum type (Elmendorf) apparatus.

*ASTM-D1424, - MADCAD.com*

ASTM 1424 describes a tear strength test using the Elmendorf tear tester. There is the following equation for the relationship between the tearing force and the energy loss: Energy loss = tearing force \* distance .
