The ATMAE Board of Certification has developed study guides to assist examinees in preparation for CCE, CEG, CMS, CTM, and CTP examinations. You can find these study guides under each program listed under the ATMAE Certification Programs

~~Certification FAQ - The Association of Technology---~~

The Certified Technology Manager (CTM) program is based on a broad-based multi-subject exam with a technology management emphasis. Most students in ATMAE accredited four year programs should be properly prepared for this exam. Certified Technology Manager (CTM) is the initial certification status awarded to eligible applicants. CTM status is ongoing upon annual dues payments.

~~Certification Programs - The Association of Technology---~~

The Exam Commission formed for each ATMAE Certification Program consisted of experts in the field from across the country so that exam content embodied technology management and applied engineering fields throughout the United States. The ATMAE Certification exams were developed under the guidelines established by the American National Standards Institute (ANSI). The process used by ANSI to accredit certification bodies is based on an international standard (ISO/IEC 17011).

~~ATMAE CERTIFICATION PROGRAM - Association of Technology---~~

The Certified Manufacturing Specialist (CMS) program is geared toward programs with a strong manufacturing emphasis and the exam was developed with help from ATMAE members working in such programs. Certified Manufacturing Specialist(CMS)is the initial certification status awarded to eligible applicants. CMS status is on-going upon annual dues payments.
