In my opinion, The Long Halloween is the greatest Batman story ever told, as well as the greatest comic book I have ever read. The Long Halloween was the primary source of inspiration for the amazing Christopher Nolan film, The Dark Knight and exceeds even that in quality. Featuring many of Batman's greatest villains including the Joker, the Riddler and Two-Face, this story is definitely worth ...

Batman is my 2nd favourite comic book character, so I was looking forward to reading the long halloween. I heard good things about this book, so I had high expectations. This story however doesn't really focus on Batman. It is more like a mob story with Batman; just hanging about. So I was underwhelmed, after reading this book. Don't get me wrong it is a decent story, but not for Batman fans.
