Believing in Cleveland: Managing Decline in [The Best Location in the Nation](#) (Souther) Though, at times, this reads too much like a dissertation, I really enjoyed this book. Souther traces the evolution of Cleveland and seeks to complicate the traditional narrative about cities by using Cleveland as an example.

~~Believing in Cleveland: Managing Decline in --The Best --~~

Believing in Cleveland chronicles how city leaders used imagery and rhetoric to combat and, at times, accommodate urban and economic decline. Souther explores Cleveland's downtown revitalization efforts, its neighborhood renewal and restoration projects, and its fight against deindustrialization.

But Cleveland was not always on the upswing. Souther places the city's history in the postwar context when the city and metropolitan area were divided by uneven growth. In the 1970s, the city-suburb division was wider than ever. Believing in Cleveland recounts the long, difficult history of a city that entered the postwar period as America's sixth largest, then lost ground during a period of robust national growth. But rather than tell a tale of decline, Souther provides a fascinating story ...
