A Brief History  
of Bespoke  
Tailoring For  
Gentlemen

Before the  
advent of sewing  
machines in the  
18th century,  
all clothes were  
cut and sewn by  
hand similar to  
the way modern-  
day bespoke  
tailors work.

However, the

Bespoke

desired fit was achieved in a way very different to our times. From the middle ages to the 18th-century, tailors created their patterns with methods that were their trade secret.
