Can you pass this cell biology  
test? How well do you know the  
cell and how it operates? The  
cells are the building blocks for  
living things. For example, the  
blood has white blood cells that  
help protect against harmful  
substances and the red blood  
cells that transport oxygen. This  
quiz will test you on some basics  
surrounding the cell processes  
and other types of cells. Do give it  
a try!
