The Graduate School of Biomedical Engineering offers high-quality, sought-after education programs and Biomedical engineering research contributions that continue to change the lives of people around the world.

~~Graduate School of Biomedical Engineering~~

Biomedical Engineering applies engineering principles to the development of technologies and solutions in a range of healthcare-related fields, including implantable bionics, drug delivery systems, medical imaging, radiotherapy, orthopaedic devices, robotic surgery, cell and tissue engineering, physical rehabilitation and others. This double degree is currently offered for select specialisations only.

design body parts or tissues, develop artificial organs, improve robotic surgery, invent health technologies and more. It involves a four-year Bachelor of Engineering in Materials Science (Honours) and a Master of ...

~~Materials Science and Engineering (Honours)/Biomedical ...~~

? Biomedical engineers apply engineering analysis and techniques to problems in medicine and life sciences. They bridge the gap between clinical medicine and the increasingly complex world of medical technologies.

~~Biomedical Engineering | UNSW Engineering~~

Our bachelor degrees equip you for a rewarding career in a variety of engineering fields. You can undertake specialised study with over 20 undergraduate degrees, including Aerospace Engineering, Biomedical Engineering, Civil Engineering, Environmental Engineering and Food Science to name a few. Our bachelor degrees are designed to get you ready to work in the real world, with 60 days of approved industry training incorporated into most Engineering degrees.

~~Bachelor Degrees | UNSW Engineering~~

FEAS is an alternative pathway for students who want to study at UNSW but don't meet the Guaranteed Entry Rank (GE) of 91.00. You should apply for the Faculty of Engineering Admissions Scheme (FEAS) if you are expecting an ATAR between 81.00 and 90.95. FEAS applies to most UNSW Engineering undergraduate programs, including the double degrees with a GE of 91.00.
