The 320i will be smoother to drive and as for running - its only an extra two spark plugs and a longer fan belt to worry about. 318 should get close to 40mpg on a run and the 320i about 36mpg. I wish BMW went back to their old numbering system where you could tell what engine a car has! A 118 can be had with a 1.8 or 2.0.
