"Cultural Anthropology" by Kottak is no different. The book has some fundamental flaws that warrant discussion. First, I think the book would benefit if it included an early chapter that introduced students to various anthropological theories. Since many anthropology texts fail to do this, I can't hold too much against Kottak for this negligence.

Cultural Anthropology (17th Edition) - Conrad Kottak ... Cultural relativism is the idea that traits can only be understood within their cultural context. If we consider cultural relativism on a spectrum, then one extreme holds that all traits good within their cultural context...as stated by Conrad Kottak in Mirror for Humanity...Nazi Germany would be evaluated as nonjudgmentally as Athenian Greece using this extreme.
