Here's the science on how. ~~Brain Culture And The Human~~

Humans are biologically adapted to cultural environments they themselves create. Human brain and mind are therefore modified,

Acces PDF Brain Culture And The Human Spirit

shaped, and formed through one's active engagement in a variety of sociocultural contexts. Understanding the interplay between culture and human brain function and between culture and human behaviour is a necessary step for uncovering both the

Access PDF Brain Culture And The Human Spirit

mechanisms underlying cultural processes and behaviour and human brain responses to evolutionary/societal demands.

~~Culture and Brain | Home~~

Our brains probably became modern before our culture. For

Acces PDF Brain Culture And The Human Spirit

200,000-300,000 years after Homo sapiens first appeared, tools and artefacts remained surprisingly simple, little better than Neanderthal technology and simpler than those of modern hunter-gatherers such as certain indigenous Americans.
