Breakout cables combine multiple fiber flexibility with the strength of individually jacketed fibers. Breakout cables from AFL can be terminated for fanout assemblies. Breakout cable is available in counts of 2-24 fibers. Breakout Cable Cable Components Applications • Rugged multi-fiber cross-connects • Intrabuilding "backbone" • Fiber "backbone" to communications closet Features ...

### Breakout Cable - AFL

Breakout cables combine multiple fiber flexibility with the strength of individually jacketed sub-units. Breakout cables from AFL can be terminated for fanout assemblies. Breakout cable is available in counts of 2-24 fibers.

### Breakout Cable - AFL

AFL's Indoor/Outdoor Breakout Cable (heavy duty riser style cable) is an extremely rugged cable offering a high level of mechanical and environmental protection. The breakout cable design offers easy direct termination with high connector strain relief and connector retention during adds, moves and changes.
