You only need very little water in your paint brush to blend.

Make sure to remove any excess water in your brush before you blend. Do the same for the bottom half of the letter to

create the sand effect. Add yellow below the light blue and brown at the bottom. Blend all the colours together with your

paint brush. Step 3. Adding the details! Once your lettering is dry, grab your white pen and add some white details where

the water meets the sand to create the shore.
