~~Building your own house - Which?~~

When you decide to build your own home, it is generally best to do so through a licensed general contractor. Many states do allow homeowners to act as a contractor for their own home. With this arrangement, you become what is frequently termed an owner-builder.

~~Building Your Own Home: a Step-by-Step Guide~~

Building your own home gives you the freedom to include features that may be impossible or at least very costly to install in other properties, like energy efficiency and green features. Luxuries such as under floor heating can also be added for a fraction of what it would cost to install them in an existing property.

Starting work on the structural shell of your home is an exciting time. Most self-builders choose between two construction methods for their project, both of which are pretty much on a par for cost-effectiveness. Brick and block is the traditional and familiar favourite, while timber frame is great for quick, predictable construction schedules.

~~40 Steps to Your Dream Home - Build It~~

You don't have to have any construction experience to build your own house. In most cases starting a self-build means getting experienced workers to build your house for you. Self-building can take a lot more time and work than just buying a new home. However, it has some advantages, such as: you get more choice over the way your home looks

In terms of acreage, a four-bed home can be built on a tenth of an acre, but if you're building a larger home or want plenty of outside space, aim for a third or even half an acre. The cost of land usually depends on location, but you should expect to spend between a quarter to two-thirds of the market value of your finished home.

~~How to build your own house: a self-build beginner's guide ...~~

When building your own home with the aid of a build contractor, you can expect to pay as much or more than you would if you were buying a house that's already on the market. Every home is a little different, but for a 2,800 square foot single-family house, you're looking at an average cost of around \$290,000.
