Clean Language: Revealing Metaphors and Opening Minds ...

Clean Language is an approach to
soliciting information and facilitating
discussion that recognises this central
role of metaphors, helps us spot
metaphors in other people's thoughts
and our own ideas and makes those
connections explicit. The premise of
Clean Language is that such conscious
analysis of metaphors helps
understand other people better.

Metaphors and Opening Minds...

While the ' Clean ' approach will be instantly valuable to therapists and coaches, Clean Language: Revealing Metaphors and Opening Minds also shows how it can be taken into conversations between parent and child, teacher and pupil, manager and staff, doctor and patient, researcher and subject; into team meetings, organisational development and in many other areas. Along the way the reader is made aware of how their own assumptions and intentions influence the systems in which they live ...

Clean Language: Revealing Metaphors and Opening Minds by ...

As a complete approach, Clean Language can be combined with the metaphors a person uses, creating a bridge between their conscious and unconscious minds. This can become a profound personal exploration: a route to deeper understanding of themselves, to transcending limiting beliefs and behaviours, and to resolution and healing.

Metaphors And Opening
Language: Revealing Metaphors and Opening Minds, Wendy Sullivan and Judy Rees give an in-depth yet highly accessible route-map for understanding the metaphorical nature of human perception, and for developing powerful skills for working in the domain of personal metaphor. While I expected the subject to be covered in masterful detail, what I didn't anticipate was such a cogent and useful introduction to the role metaphors play in perception.

Clean Language Revealing Metaphors And Opening Minds [EPUB]

Clean language is a technique primarily used in counseling, psychotherapy and coaching but now also used in education, business, organisational change and health. It has been applied as a research interview technique called clean language interviewing. Clean language aims to support clients in discovering and developing their own symbols and metaphors, rather than the therapist/coach/interviewer suggesting or contributing their own framing of a topic. In other words, instead of "supporting" the
