At the time of release, the Skitarii were a somewhat broken army, without an HQ and no way to run a standard Battle-forged list. The Skitarii were cobble together by a simple Detachment and ...

I like to keep them off the table at the start of the game. Since the most common tactic I see is keeping your gun line back most opponents try for a second or third turn charge into Onagers and Robots to stop ...

My biggest frustration in 7th Edition was the separation between Skitarii and Cult Mechanicus, so them being brought under one umbrella is something I love. It sucks Doctrina is gone, and its definitely true that we lost a lot f flavor, but I'm confident that flavor will come back when we get our Codex. I mean hell, Skitarii and Cult Mechanicus still exist as keywords! They just don't do ...
