One of the first examples of development communication was Farm Radio Forums in Canada. From 1941 to 1965 farmers met weekly to listen to radio programs, supplemented by printed materials and prepared questions to encourage discussion. At first, this was a response to the Great Depression and the need for increased food production in World War II. Later the Forums dealt with social and economic issues.

Development communication - Wikipedia

The first five chapters of the book cover the theoretical issues and their conceptualization as the basis for deriving a better understanding of the role of communication in economic development. The major issues for concern are the economic variables that are endogenous to communication planning in the light of rapid advances in communication technologies.
