~~ISO 13485 for medical device quality management shares many similarities with ISO 9001, the leading global quality management standard with more than 1.1 million certificates worldwide. While most standard revisions now follow ISO 9001’s new high-level structure, ISO 13485 does not, even though it was released after ISO 9001.~~

~~In other words, ISO 9001 is a tool for management. Since top management has always had a leading role in the ISO 9001 quality management system, the ISO 9001 changes from 2008 to the 2015 version regarding leadership and commitment should be rather minor for those companies that have used ISO 9001 as a real tool for top management.~~

~~In 2015, ISO published ISO 9001:2015, a significant revision to the ISO 9001 Quality Management System standard. This 2015 version contained extensive changes and a new structure. This revision to ISO 9001 raises the question of whether ICH Q10 should be reviewed and potentially revised, and whether ICH Q10 continues to meet the ISO 9000 principles.~~
