And Legal

Construction

Contracting: Business
and Legal Principles 1st
Edition by Stuart H.

Bartholomew is widely

Online Library Construction

regarded as an authority
on construction law.

The author has
extensive experience in
the construction

industry as a
professional as well as
an academic. As a
result, this book is
exceptionally practical
and authoritative.

Construction

Contracting: Business

A construction contract agreement is a principal document that sets a date and specifies which parties are going to participate in the construction process.

Usually, the contract agreement is executed between the owner of the project and the contractor (or supplier) that is providing the

Online Library Construction

requested service. The contract generally contains several sections or clauses (or sometimes appended documents) that define the scope, terms, and conditions of the agreement.

A construction contract provides a legal binding agreement, for both the owner and the builder, that the executed job will receive the specific amount of compensation or how the compensation will be distributed. There are

Online Library Construction

several types of construction contracts used in the industry, but there are certain types of construction contracts preferred by construction professionals.

*4 Common Types of
Construction Contracts*
Construction Contracts
are defined as legally-
binding agreements

Online Library Construction

within which the structure, details, and identification of both commitments and parties involved in a construction project are illustrated.
