~~Management~~
Contract management is the process of managing contracts that are made as part of the delivery of a built asset. It involves the creation, analysis and execution of contracts by the parties to those contracts to ensure operational and financial performance is maximised, and risks are minimised. Contract management can be categorised into three phases:

~~Contract management –
Designing Buildings Wiki~~

The Contracts (Rights of Third Parties) Act 1999 has radically affected the doctrine of privity of contract. It grants a third party the right to enforce a term of a contract which has been made for their benefit. Not only positive
