Management Association

Contract Management. The CIPS Contract Management guide is intended to cover all those activities associated with contract management. The activities themselves are divided into two distinct but interdependent phases, upstream and downstream of the award of the contract. The principles in this guide could be applied to all contracts, from a simple order, through framework contracts, to complex construction or service contracts.

Guide to Contract Management | CIPS

This guidance is to help you when working with contracts and third party providers in government. It outlines the technical and relationships skills to demonstrate with your suppliers. These skills...
