Contact cp-e - cp-e Custom Performance Engineering

cp-e started out as a dream of two engineers at University of Maryland in 2003. With hours of odd jobs, bartending, and working every possible second, Josh and Anthony purchased their first piece of equipment. Armed with an old CNC machine, the two started working on creating high quality motor mounts for the newly releases Mazda 6 platform. After many revisions, different attempts at finishes, and hours converting a card driven CNC machine to GUI, they were able to release the first ever cp ...
