While mergers and acquisitions are a very important tool in a CEO's strategic toolkit, value creation in mergers and acquisitions (M&A) remains a mirage. Firms invariably tout "synergies" as the reason compelling them to seek this medium of inorganic growth. Synergy implies that the whole is greater than the sum of parts.

[Value Creation in Mergers and Acquisitions | ISBInsight](#)

At the end of the day, value is created through M&A when the actual rate of return on invested capital exceeds the required rate of return. Measuring that potential value with reasonable accuracy is therefore critical to the entire M&A process. Essential Concepts Valuation has many definitions, depending on how it will be used.

[CREATING VALUE THROUGH MERGERS AND ACQUISITIONS](#)

If combined returns are positive, mergers certainly create value for the overall market, and, therefore, for investors in index funds. From there on, however, the story gets more complex. In the longer run (in which the acquired company disappears as the merger is completed), the value of acquiring companies tends to go up in all-cash deals.
