'The Black and Green Atlantic exceeds its fine individual contributions in one important respect: by combining a range of competing approaches, the book as a whole puts their key concepts to the test in ways rarely found in a monograph. In doing so, it will provide an invaluable point for future work in the field.' - Journal of American Studies

Crosscurrents in the Black Atlantic, 1770-1965 by David Northrup Africans' influence in the Atlantic world before 1960 was not confined to their roles as victims in the one-way forced migration of the Atlantic slave trade and their labor on New World plantations. From the mid-eighteenth century to the mid-twentieth century, black people in the divided communities of the four Atlantic continents struggled to overcome geographical and cultural separations and build a broad coalition against ...

Three professors will convene for a panel discussion titled "Black Atlantic Crosscurrents," hosted by the Center for the Study of Slavery and Justice. The panel will focus on new and emerging scholarship on the Black Atlantic, a term referring to the black culture that manifested in various regions as a result of the "cultural highway" the Atlantic Ocean provided.

As the only available textbook on the Black Atlantic to combine primary source materials with historical analysis for such an extended time period, Crosscurrents in the Black Atlantic, 1770–1965 is a worthwhile teaching tool for both high school and undergraduate courses. Its multi-century coverage helps show students that the struggle against the slave trade was a direct predecessor of twentieth-century Civil Rights struggles and the decolonization of Africa.

For centuries, African and Irish people have traversed the Atlantic, as slaves, servants, migrants, exiles, political organizers and cultural workers. Their experiences intersected; their cultures influenced one another. These essays explore the connections that have defined the 'Black and Green Atlantic' in culture, politics, race and labour.
