Cryptography deals with
various security

principles which are as
follows: Confidentiality

– It specifies that only
the sender and the
recipient or recipients
should be able to access

Bookmark File PDF

the message.

Confidentiality will get lost if an authorized person is able to access a message.

Cryptography Techniques | Learn Main Types Of Cryptography ...

There must be no changes in the data content during transmission, either

Bookmark File PDF

maliciously or accident, in a transit. As there are more and more monetary exchanges over the internet, data integrity is more crucial. The data integrity must be preserved for secure communication.
