Apocalypse Z BOOK REVIEW *Rise Book 1 Occupation Dark Days Apocalypse Z Book*

Dark Days is the sequel to Apocalypse Z: The Beginning of the End. It picks up immediately from where the first books ends and plunges you straight into the action. I've read a lot of Zombie fiction but what I like most about these books is that they are set in Spain and view a worldwide zombie plague from a fresh European perspective instead of the gun-toting tired old American type.

Dark Days is the second book in the Apocalypse Z series. I never read the first book but it was easy to quickly piece together the whole story. I picked up this book because one of my current obsessions is ...zombies. Well I did get zombies but not as much as I expected. I was expecting the zombies to be gruesome and in your face. They were not.

Life expectancy is a shadow of what it was and many diseases and ailments that science thought it had eradicated have returned. Many of those who survived the war have since died, taking with them the stories and memories of the most devastating and important struggle that mankind has ever waged. 5 out of 5 stars.

Book 1. A mysterious incident in Russia, a blip buried in the news - it's the only warning humanity receives that civilization will soon be destroyed by a single, voracious virus that creates monsters of men. A lawyer, still grieving over the death of his young wife, begins to write as a form of therapy.
