[digital] Character Animation is the first computer animation book that focuses strictly on animating and bringing 3D digital characters to life. The book is firmly grounded in the basics of animation that every animator must know. As any clay or pencil animator can attest, animation is an art, and character animation takes many years of study.

Character animation is a specialized area of the animation process, which involves bringing animated characters to life. The role of a character animator is analogous to that of a film or stage actor and character animators are often said to be "actors with a pencil" (or a mouse). Character animators breathe life in their characters, creating the illusion of thought, emotion and personality.
