Digital transformation refers to the incorporation of digital technology across all areas of a business, changing how the business operates.

What is digital transformation? | TechRadar

Digital Transformation is the adoption of digital technology to transform services or businesses, through replacing non-digital or manual processes with digital processes or replacing older digital technology with newer digital technology. Digital solutions may enable - in addition to efficiency via automation - new types of innovation and creativity, rather than simply enhancing and supporting traditional methods. One aspect of digital transformation is the concept of 'going paperless' or reach

Digital transformation - Wikipedia
