Abstract. Predicative lexical units have  
been largely ignored in terminology for  
a number of reasons: one of them is  
the focus on entities viewed as the  
nodes of knowledge representations;  
another is the lack of linguistic  
perspective on the data to be  
represented.

Predicative Lexical Units in

An Introduction to Gender and  
Wellbeing in Microeconomics explains  
how to set up the basics of designing a  
gender-aware approach to  
microeconomics by constructing  
creative gender-aware indicators.

Using a wellbeing economics  
framework, the book argues that  
economic models should take power  
differences such as those inherent  
with gender into account, and be  
complemented by more qualitative ...
