Do-It-Yourself (DIY) Investing Definition

Personal financial management is a daunting and continuous task that can cause even the most economically savvy individual to become confused or short-sighted. Indeed, in a world where assets and investments move quickly and we link our bank accounts to innumerable services and make purchases with the touch of a button, financial management is a trickier concept than ever before.

Personal Financial Management | SkillsYouNeed

Finance, most simply put, is the study of money, banking, credit, investments, assets and liabilities through financial statements. These statements include balance sheets, cash flow statements, etc. and are produced as a result of accounting activities. Finance plays an integral role in the machinery of any organisation, be it a start-up or a multinational corporation.
