Student surveys are valuable sources of feedback for teachers and self-reflection for students. Surveys at the beginning, middle, or end of the school year can help you plan effective classes, reach struggling students, and improve your teaching methods.

Student survey questions that will provide valuable ...

A lot of chemistry is explained by the sharing and trading of electrons between atoms. Understanding how electrons are arranged in an atom is a building block of Chem I. Electrons in an atom are contained in specific energy levels (1, 2, 3, and so on) that are different distances from the nucleus. The larger the number of the energy level, the farther it is from the nucleus. Electrons that are ...
