Economic History British Isles Arthur Birnie

The economic history of the United Kingdom relates the economic development in the British state from the absorption of Wales into the Kingdom of England after 1535 to the modern United Kingdom of Great Britain and Northern Ireland of the early 21st century. Scotland, England, and Wales shared a monarch from 1601 but their economies were run separately until they were unified in the 1707 Act of Union.

An economic history of the British Isles. (Book, 1955 ...

United Kingdom - United Kingdom - Economy: The United Kingdom has a fiercely independent, developed, and international trading economy that was at the forefront of the 19th-century Industrial Revolution. The country emerged from World War II as a military victor but with a debilitated manufacturing sector. Postwar recovery was relatively slow, and it took nearly 40 years, with additional ...
