Education fever or educational fever is literally regarded as the strong zeal for education. This terminology is also called as educational enthusiasm, educational thirst, education obsessed, or educational zeal.

Education Fever and Happiness in Korean Higher Education
Korean Education: Crazy Education Fever in South Korea. The former US president, Barack Obama, once praised Korea's competitive education. He even cited Korea as an example when he called for reform of public education. Obama Cites Korea for Educational Excellence (Source: http://english.chosun.com/site/data/html_dir/2009/03/12/2009031261018.html) Perhaps Obama is not really a socialist as many people imagine him to be (he may be a pro-market, neo-liberalist).

Korean Education: Crazy Education Fever in South Korea ...
If you want to understand the current focus and (literal) education fever held by students from South Korea, based on Korea's history of colonial rules, loss of control/usage of native language, and American educational influences, this book is your answer. Well written, engaging, and extremely informative, Seth proves to be a reliable narrator.

Education Fever by Michael J. Seth - Goodreads
The key to understanding this educational transformation is South Korean society's striking, nearly universal preoccupation with schooling-what Korean's themselves call their "education fever." This volume explains how Koreans' concern for achieving as much formal education as possible appeared immediately before 1945 and quickly embraced every sector of society.

Education Fever: Society, Politics, and the Pursuit of ...
Abstract Korean parents set high academic expectations for their children. Utilising Takeuchi's and Clark's theoretical framework and Q methodology, this study explores Korean parents' education fever as aspiration for their children's schooling, and how socio-economic status influences this phenomenon.
