Electronics Projects for Engineering Students: Water Level Controller using 8051 Microcontroller: Here we are designing the circuit which is used to detect and control the water level automatically in overhead tank using 8051 microcontroller.It is used in industries to control the liquid level automatically.

150+ Electronics Projects for Engineering Students
I have noticed over several years of teaching electronics that the terms "short" or "short-circuit" are often used by new students as generic labels for any type of circuit fault, rather than the specific condition just described. This is a habit that must be corrected, if students are to communicate intelligently with others in the ...

Elementary Circuits Worksheet - Basic Electricity
THE INDUSTRIAL REVOLUTION Ws1 INVENTIONS IN THE 19th century Put these inventions in chronological order and compare your ideas with your partner. Then, write them on the Time line provided adding James Watt's steam machine invented in 1769. In 1885 Benz invented the car Edison invented the electric bulb in 1882

THE INDUSTRIAL REVOLUTION Student's worksheets
It is the policy of the Industrial Independent School District not to discriminate on the basis of age, race, religion, color, national origin, sex or handicap in its vocational programs, services or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.
